Objective

Seeking a challenging opportunity where I will be able to utilize my strong organizational skills, and ability to work well with people, which allow me to grow personally and professionally.

Personal Details

Date of Birth : Dec 20 1977

Nationality : Filipino

Sex : Male

Hieght : 5'8

Birthplace : Lapoz Iloilo City

QUALIFICATION HIGHLIGHTS

*15years in counting as rig crane, crawler crane, and mobile crane operator

* Current crane optr cert.

*Current tesda nc2 for mobile crane

* Current nc2 for crawler crane

* Current drivers license code res. 123-8

* Current valid passport

* Current valid (PSRB) Seamans book

*Current BTS COC etc.

Experience

Work of
completion: Oct
6,2021 - Dec
23,2021

Company name: Taishan Equipment rental Inc.

Project name: NGCP Negros occidental Unit used: XCMG XR 160ADDRESS : 5th for.

Taishan bldg. Malbar st. Malate manila.

Materials used for drilling: * 12 meters by 4 section kellybar * .80 diameter by 5 meters casing * .60 diameter by 1 meter drilling backer * 27 meter depth

Duetieis and responsibilities:

*To operate crane to it's best safety procedure

* Responsible in chicking engine oil and lubricants

* Responsible in chicking water at radiator water tank

* Responsible in hydraulic oil & hoses

* Responsible in chicking of casing before and after work

*Period of Work
Completion; Feb
4,2021 - May 3,2021*

Company: Taishan Equipment rental Inc

Position: Rig crane optr Project: C5 south link expressway Elshadai and Ninoy Aquino road Unit used: XCMG XR 160

Materials used in drilling: * 12 meters by 4 section Kelly bar * .80 diameter by 9 meter casing * .60 diameter by 1 meter drilling bucket * .60 diameter by 1.5 butterfly drilling bucket for Clay *43 meters depth

Duties and responsibilities:

- * responsible in operating rig crane at site
- * Responsible in loading and unloading rig crane during mobilization
- * Responsible in re assembling and dismantling rig crane
- * Responsible in checking engine oil and lubricants
- * Responsible in checking water in radiator water tank
- * Responsible in checking drilling bucket and casing

*Period of Work
Completion; Oct
20,2021 - Jan
10,2021*

Company: Taishan Equipment Rental Inc.

Position: Rig Crane optr Project : DPWH SAN FERNANDO PAMPANGGA High rised Bldg. Unit used: XCMG XR. 160

Materials used in drilling: * 15 meters by 3 section Kelly bar * 3.0 diameter by 6 meter casing * 2.85 diameter by 1 meter drilling bucket * . 19 meters depth

Duties and responsibilities:

- * responsible in operating rig crane at site
- * Responsible in loading and unloading rig crane during mobilization
- * Responsible in re assembling and dismantling rig crane
- * Responsible in checking of engine oil and lubricants
- * Responsible in checking of water at radiator water tank
- * Responsible in checking of casing and drilling bucket during and after work

*Period of work
Completion: June
11,2020 - Oct
1,2020*

Company : Taishan Equipment Rental Inc.

Position: RIG Crane optr. Project: Marina Bay High rised Bldg. Unit used: XCMG XR 160

Materials used in drilling: * 12 meters by 4 section Kelly bar * .80 diameter by 9 meter casing * .60 diameter by 1 meter drilling bucket * .60 diameter by 1.5 butterfly drilling bucket for Clay *43 meters depth

Duties and responsibilities:

- * Responsible in operating rig crane at site
- * Responsible in loading and unloading rig crane during mobilization and de mobilization
- * Responsible in re assembling and dismantling rig crane during and after work completion
- * Responsible in checking of engine oil and lubricants
- * Responsible in checking of water at radiator water tank
- * Responsible of checking drilling bucket and casing during and after work

*Period of Work
Completion; Marc
10, 2020 - June
3, 2020*

Company: Taishan Equipment rental Inc.

Position : Rig crane optr Project : LILY HIGH RISED BLDG. Unit used in drilling : XCMG XR 160

Materials used in drilling: * 12 meter by 4 section Kelly bar * 1 meter by 6 meter casing .90 diameter by 1 meter drilling bucket * 16 meters depth

Duties and responsibilities:

- * responsible sible in operating rig crane at site
- * Responsible in loading and unloading rig crane during mobilization
- * Responsible in re assembling and dismantling rig crane
- * Responsible in checking engine oil and lubricants
- * Responsible in checking water in radiator water tank
- * Responsible in checking drilling bucket and casing

Company: ECG BROKERAGE ADRESS: Suite 1507 world trade exchange 215 Juan Luna st., Binondo manila

Position: Crawler crane optr rig rotary type Barge drilling Unit used : *Sumitomo 80 tonners crane st RT3 rotary type drilling with cabalito

Materials used in drilling: * ST RT3 with cabalito * 18 meters by 3 section Kelly bar * 1.0 diameter by 19 full casing * 4200 psi vibro hammer diesel type and power pack *18 meters depth

Duties and responsibilities:

- * responsible in loading crawler at port area to barge
- * Responsible in re assembling crawler crane at barge and re assembling in barge or in field
- * Responsible in re assembling rotary to cabalito during drilling time
- * Responsible in dismantling of rotary at cabaletto during erection and concrete pouring
- * Responsible in positioning barge to which will be at safest work
- * Responsible of mo itoring barge balance during lifting activity
- * Responsible in checking of engine oil and electrical attachment
- * Responsible in checking of wire rope drum and cable s, hooks and hook block
- * Responsible in checking water at radiator tank
- * Responsible in checking of vibro hammer and power pack before used

*Period of Work:
Sept 19, 2019 - Jan
1, 2020*

Company: ECG BROKERAGE

Position: rig crane optr Project: Park link Connecticut libis and manggahan Pasig bridge Unit used: MAIT HR 300

Materials used for drilling : * 18 meters by 4 section Kelly bar * 2.0 diameter by 9 meter casing * 1.85 diameter by 1.5 drilling bucket 1.85 diameter auger * 24 meter depth

Duties and responsibilities;

- * Responsible for operating rig crane at site
- * Responsible for loading and unloading rig crane during mobilization
- * Responsible for re assembling and dismantling rig crane
- * Responsible for checking engine oil
- * Responsible for checking water at radiator water tank
- * Responsible for checking drilling bucket and casing to be used

Period of
Completion; Aug
28,2019 - Sept
11,2019

Company:ECG BROKERAGE

Position: mobile crane optr Project : North harbour center container yard loading and unloading Unit used : lattice type mechanical American 80 tonners crane

Duties and responsibilities:

- * responsible in operating lattice type mobile crane
- * Responsible driving mechanical crane at container yard
- Responsible of loading and unloading 40 footers and 20 footers container loaded and not loaded at yard and trailer truck
- * Responsible in checking of levelness of crane in his outrigger position
- * Responsible in checking engine oil and wire ropes hook block main and auxeliary
- * Responsible in understanding of riggers hand signal
- * Responsible of checking water at radiator water tank

Company: Mayon Machinery Rent Trade Address : 3rd flr. P & J bldg. Lot 32 block 69 M. Roxas st., Corner bayani ave. Phase 4 Taguig city Project : NGCP tower post erection Laguna Unit used: Kato NK 160 old terrane mobile crane

Period of
Completion Rental
Basis: July 28,2019
- Aug 20,2019

Position: mobile crane optr

Duties and responsibilities:

- * responsible in driving and operating mobile crane at site and back to yard
- * Responsible in positioning crane at site at its levelness to avoid capzising
- * Responsible in surviving area before crane positioning
- * Responsible in. Checking engine oil, water at radiator tank hydraulic oil and hosess wire ropes, hook block main and auxiliary and electrical attachedments

Period of Work
Completion; April
5,2019 - Aug
10,2019

Company : MAYON MACHENERY RENT TRADE

Position : Mobile and Crawler crane optr Project : RCBM CEMENT shut down project Unit used: Tadano Faun 100 and Kobelco crawler crane 150 tonners

Duties and responsibilities:

- * responsible in operating mobile and crawler crane at site
- * Responsible in driving and operating mobile crane
- * Responsible in re assembling and desmantling crawler crane
- * Responsible in loading and unloading crawler crane during mobilization
- * Responsible in checking engine oil water at radiator tank electrical attachedment, hook block of main and auxiliary wire rope and hydraulic hosess

Work completion:
March 15,2019 -
April 1,2019

Company : MAYON MACHINERY RENT TRADE

POSITION : MOBILE CRANE OPTR Project : Calaca balayan bridge Gerder Errection Unit
used: Terrex ac1 160 tonners

Dueties and responsibilities:

- * Responsible in surviving area before mobilezation
- * Responsible In operating and driving mobile crane to site and to back to yard after operation
- * Responsible in checking of engine oil water at radiator tank
- * Responsible and understanding of rigging plan and hand signal of riggers in charge in errection.

Period of
Completion :April
4,2016 - march
10,2019

Company: DMCI Consunji inc. ADRESS : Dmci Plaza bldg., 2281 chino roces ave., Extn. Brgy. Magallanes Makati city metro manila

Position: Rig Crane optr / Crawler crane optr Project : sky way stage 3 Unit used for drilling and errection: SOILMIC rig machine / kobelco crawler crane 150
Materials used for drilling * 12 meters by 4 section Kelly bar * 1.4 diameter by 6 meter cassing * 1.30 drilling bucket and 12 inch additional extinction for cassing

Dueties and responsibilities of drilling :

- * responsible in operating rig crane at site
- * Responsible in assembling and re assembling of rig at site
- * Responsible in loading and unloading of rig during mobilization

Duetieis and responsibilities of crawler crane at site project:

- * responsible in operating crawler crane
- * Responsible in re assembling and desmantling of crawler crane
- * Responsible and understanding of rigging plan and hand signal of riggers at all times
- * Responsible in checking engine oil water at radiator tank and hydraulic oil hosses and electrical attachement

Work Completion:
March 15,2015 -
March 20,2016

Company: Dmci Consunji Project : masinag lrt line 2 to cogeo antipolo

Position: Crawler crane optr Unit used : hetache Sumitomo 280

Dueties and responsibilities:

- * responsible in operating crawler crane at site
- * Responsible in re assembling and desmantlimh crane
- * Responsible in loading and unloading crawler crane during mobilization
- * Responsible in checking engine oil and water at the radiator water tank
- * Responsible in Good understanding of hand signal and rigging plan
- *Responsible in gerder errection

*Period of
Completion: June
1, 2014 - March
5, 2015*

Company: DMCI Consunji

Position: rig crane optr / mobile crane optr Project :The Radiance high rised Bldg Unit
used : BG 250 rig and tadano 25 toners crane
Materials used for drilling: * 12 meters 4 section Kelly bar * 1.0 diameter by 6 meter
cassing * 1.85 diameter by 1 meter drilling bucket * 18 depth

Duties and responsibilities :

- *responsible in operating rig and mobile crane at site
- * Responsible in re assembling and dismantling of rig crane
- * Responsible in loading and unloading of rig crane during mobilization
- * Responsible in checking engine oil of rig crane and mobile crane used in operation
- * Responsible in checking radiator water tank if rig and mobile crane
- * Responsible in checking of hydraulic hoses of mobile and rig crane
- * Responsible in checking levelness of mobile crane before operation
- # responsible of checking hook and hook blocks auxiliary and main hook block

**Company : Avia construction & development Corp. ADDRESS: paliparan 1 dasmarinas
cavite Project : San Mateo Batching plant Esabela/ and San Esedro Crusher Plant Rizal**

Position : mobile crane optr

Duties and responsibilities:

- * responsible in driving mobile crane at yard to project site
- * Responsible in checking engine oil radiator water tank, hydraulic hoses electrical and
Imi attachment
- * Responsible in checking levelness of crane before starting of work
- * Responsible in good understanding of riggers hand signal
- * Responsible in driving mobile crane back to home base

**Company : HASSAN AL JASIM CRANE RENTAL ESTABLISHMENT ADDRESS: Kingdom of
Saudi Arabia KSA project : Jissan road bridge & Al Darb water desalination project**

Position : rig crane optr/ mobile crane optr Unit used in drilling : casa grande b 250

Materials used in drilling: *12 meters by 4 section Kelly bar * 2.4 diameter by 6 meter
cassing * 2.2 diameter by 1.0 meter drilling bucket * 18 meter depth

Duties and responsibilities in drilling:

- * Responsible in operating rig crane at site
- * Responsible in re assembling and dismantling rig crane at site
- * Responsible in loading and unloading rig during mobilization
- Responsible in checking engine oil and radiator water tank

Duties and responsibilities of mobile crane at desalination project:

- * Responsible in operating and driving mobile crane at site
- * Responsible of checking engine oil and water at radiator water tank
- * Responsible and in good understanding of rigging plan and hand signal
- * Responsible in driving crane back to home base after project completion

*Period of
Completion: Oct
5, 2013 - May
30, 2014*

*Period Contact:
June 5, 2012 - Sept
30, 2013*

Company : RAVAGO ADDRESS: no. 88 C3 road Kaunlaran vill Caloocan Project : BF CONSTRUCTION CORP (SM MOA ARENA, PPA AUTHORITY NORTH HARBOUR CENTRE MANILA PORT)

*Period Completion:
Dec 9,2011 - June
1,2012*

Position : mobile crane optr Unit used : zoom lion 70 and XCMG 70

Duties and responsibilities:

- * responsible in driving and operation of mobile crane at yard and project site
- * Responsible in checking of engine oil and water radiator tank
- *Responsible in checking of hydraulic oil, hoses, electrical LMI attachment
- *Responsible and in good understanding of rigging plan and hand rigger hand signal
- * Responsible of good operation at site

Company : DAEWOO E& C ADDRESS: Kumbo asiana first tower 57 sinmuno IGA jungno g4 seol 11073- Korea Project : ALGERIA OMAN FERTILIZER (ORAN ALGERIA NORTH AFRICA) Unit used.: Tadano faun 100

*Work contract
Completion : June
20,2010 - June
20,2011*

Position : mobile crane optr

Duties and responsibilities:

- * responsible in driving crane and operation
- * Responsible in crane operation
- * Responsible in checking engine oil
- * Responsible in checking water at radiator water tank , hydraulic oil hoses electrical LMI attachment hook blocks main and auxiliary, wire rope drums
- * responsible and in good understanding of rigging plan And hand signal of rigger in charge

Company: MMG Mohamed almojil group ADDRESS : P.O. BOX 11 Dammam 31411, Kingdom of Saudi Arabia KSA Project : YANBU ETHELYN GLYCOL

*Work Contract
Completion : April
23,2007 - SEP
4,2009*

POSITION : mobile crane optr /crawler crane optr Unit used: GROVE RT 890E and Kobelco cke 120 tonners

Duties and responsibilities:

- * responsible in operating and driving mobile crane at site
- * Responsible in checking engine oil and water at the radiator water tank
- * Responsible and in good understanding of rigging plan and hand signal of rigger incharge

***Duties and responsibilities of crawler crane optr at site:**

- * responsible in operation of crawler crane
- * responsible in re assembling and dismantling of crawler crane
- * Responsible in loading and unloading of crawler crane during mobilization
- * Responsible in checking of engine oil water at the radiator tank Hydraulic hoses, electrical LMI attachment
- * Responsible In checking of wire rope main and auxiliary

Skills

- * Proben to operate rig bored pilling drilling cranes.
- * Proben to operate mobile cranes
- * Proben to operate crawler crane
- * Proben to drive heavy and light vehicles
- * Able to understand rigging plan and hand signal of rigger incharge
- * Proben to operate crane at barge
- * Outstanding communication & personal skills
